July 20. 1915.

Commissioner of Indian Affairs,  
Washington D. C.

My dear Sir:

In compliance with Office communication of July 14,  
1915, in which duplicate copies of Narrative Section of Annual  
Report for 1915 is requested, I am submitting the same with  
this inclosure. Will say in explanation that I was under the  
impression that I had sent the required number of copies.

With reference to the census for 1915, I have to  
advise that there is no census roll of these Indians, on file in  
this Office; at least none that I have ever been able to find.  
I have endeavored to find time in which to make a complete cen-  
sus of the Indians of this jurisdiction since I have been here,  
but up to this date have not been successful. To make a correct  
and complete census of these Camp Verde Indians would involve a  
good deal of time, considerable expense, and quite a little bit  
of traveling about. I find some notes made by Vincent Natafish  
and former superintendent Gabbard in reference to the population,  
but as these have never been compiled, and are now several years  
old they would not be of much value. Right at this time it would  
be very difficult to get a correct census, as they are very much  
scattered on account of work.

Yours very truly,

*Joe J. Taylor*

COMMISSIONER OF INDIAN AFFAIRS,

Washington, D. C.

My dear Mr. Sells:

I take pleasure in handing you herewith the annual Census of the Indians of the Camp Verde jurisdiction.

This census was made without reference to any previous figures. I do not know how the figures of previous years were obtained as there is no copy of census figures on file in this Office. Heretofore I have simply used the figures, total, of previous years. You will observe that the figures given by me are about six short of the figures given heretofore, but with the care we used in getting these figures I am quite sure they are fairly correct. I know that in the extreme western part of Yavapai County are a few Indians that I have never seen, they are not included in this census, as I did not know to whom they belong. Their number is probably between 10 and 25. In this report you will observe that I have not given the numbers- such as T.C.27 or A.F.8, &c.- for the reason that not one in ten of these Indians know anything of their old "Tag number". Also I have omitted the Indian names largely, because it is very hard to get these Indians to give any but the English name by which they are known. I hope this is no inconvenience, but I shall be glad to make any alterations or corrections which your Office may see

Census, 1916.

cause to suggest, or may deem necessary, if it is in any way possible  
for me to do so. I have done the best I could in the time I have  
had to work on the subject.

Yours very truly,

*Geo. J. Taylor,*

## DEPARTMENT OF THE INTERIOR

UNITED STATES INDIAN SERVICE

Camp Verde Indian School,  
Camp Verde, Arizona.

July 2, 1917.

Commissioner of Indian Affairs,  
Washington, D.C.

My dear Sir:

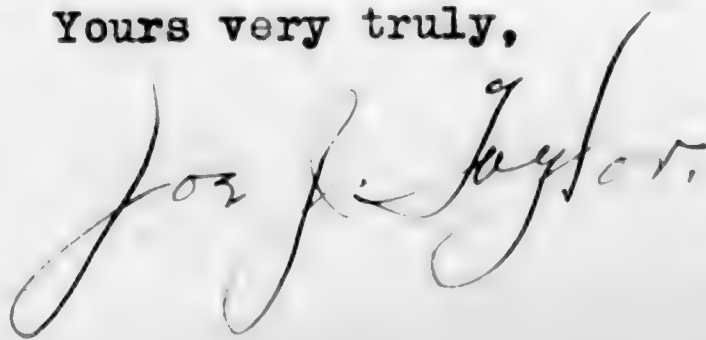

There is herewith transmitted the annual census of the Camp Verde Indians, form 5-128, for the year ended June 30, 1917.

In compiling these figures on the Indian population of this jurisdiction I have used all the care possible, under the circumstances. I have also been able to gather some new names which was missed last year, thus increasing the number of Indians.

We have gathered and compiled these figures during the month of June, and we have had an epidemic of measles among the children during this month, and nine (9) children have died. Of this number six were boys and three were girls. All of these children except two were under school age, in fact most of them under three years of age. I make this note because these deaths reduce the number given in these figures from a total of 439 to 430.

I could not give a correct census since these deaths except I make an entirely new census roll.

Yours very truly,

Superintendent.

5-128
